

PROTRANSLATING BREAKS INTO THE HISPANIC BUSINESS 500

A milestone for the 35 year old company

Miami, FL -- June 16, 2008 -- ProTranslating is ranked in the top 500 Hispanic-Owned Businesses in the United States by Hispanic Business (HB) magazine.

For more than 20 years, the **Hispanic Business 500** has served as an indicator of the yearly growth of the U.S. Hispanic economy.

“ProTranslating is one of only two Language Service Providers to make the HB500 list, and we are proud to represent Hispanic business owners in a fiercely competitive and fragmented industry.” comments Luis R. de la Vega, son of the founders and General Manager of the company. “This year we ranked 473, and we expect to break into the top 300 by 2009”.

“Increasing globalization has fueled the Language Services industry, and ProTranslating, along with its strategic partners, has capitalized on the need for a global presence by servicing a market that requires dynamic multilingual website translation and maintenance”.

“The challenge for us today is to preserve the “small business” heritage that has made us one of the largest language service providers in the US. The growth we are experiencing comes as a product of our high quality linguists, and our dedicated account managers that distinguish the company as the industry leader in personalized service. We like to keep things simple, and in an industry overrun with technology, we let our employees do the talking.”
